 <https://github.com/Mohamed-Soboh>

Motivated and dedicated full-stack developer passionate about software development

I develop efficient and secure applications that provide an optimal user experience. I am collaborative and creative, with great attention to details.

Always motivated to improve my skills through hands-on learning and development work. Not afraid of diving into legacy code and big projects. Fast learner and well organized. A team player with strong communication and analytical abilities.

Experience

Tutor

2018 - 2020
